KENTWOOD™  
ORIGINALS

# BAMBOO

Bamboo is a remarkably versatile plant and has become a popular alternative to traditional hardwood. Its physical properties are very similar to hardwood, it has a unique contemporary appearance, and it's also a highly renewable resource. Kentwood Originals Bamboo is available in a variety of surface treatments and board widths.

# KENTWOOD™ ORIGINALS

Kentwood Originals continues the legacy of Kentwood's founding collection of wood floors, with a proven selection of popular styles all offering Kentwood's signature values: the natural beauty of genuine hardwood, premium quality milling and manufacturing, and excellent value.

The charm of worn white-washed planks and the warmth of exposed woodgrain come together in **Maple Whitehorn**, just one of the unique flooring styles in Kentwood Originals Specialty series.

KENTWOOD ORIGINALS floors are made from real wood, not a manufactured imitation. Because wood is a natural material, every piece of KENTWOOD ORIGINALS flooring will have a unique appearance, often with naturally-occurring variations in color, texture and grain pattern. Showroom samples and photographic reproductions can give an example of the product's appearance but they may not be representative of the full range of color, texture and grain variations which can occur in the product itself. The product images on this chart are intended for reference only and should not be considered as representative of the product's actual appearance. Note: Product selection may vary by area. Product selection and specifications are subject to change without notice. The trade-marks KENTWOOD ORIGINALS and KENTWOOD are owned by Kentwood Floors Inc. and are used under license.
