KENTWOOD ORIGINALS floors are made from real wood, not a manufactured imitation. Because wood is a natural material, every piece of KENTWOOD ORIGINALS flooring will have a unique appearance, often with naturally-occurring variations in color, texture and grain pattern. Showroom samples and photographic reproductions can give an example of the product's appearance but they may not be representative of the full range of color, texture and grain variations which can occur in the product itself. The product images on this chart are intended for reference only and should not be considered as representative of the product's actual appearance. Note: Product selection may vary by area.
